

Facilities

Naming of Facility

School Buildings shall be named by the Governing Board in accordance with the following:

1. Elementary schools shall be named for the major street adjacent to or near the location of the site.
2. Middle schools shall be named in compliance with the Spanish theme as appropriate to the history of the area.
3. Senior high schools shall be named for the general community of their location.

Dedication of Structures or Facilities at School Sites

1. At the discretion of the Board, buildings, rooms, property, playing fields, and equipment of the Orange Unified School District may be assigned names that designate certain geographical locations or areas, commemorate historical events, or those which have special significance for the community, or commemorate an individual or groups of individuals who have made civic, educational, or cultural contributions or who have brought special recognition to the school system through service, prominence, or heroism.

If the Board receives a request to assign new names to facilities, or to assign names to unnamed facilities, the Board will not take action on the request until one year after the request is received.

2. Names of facilities shall be displayed on markers to be purchased by the sponsor if requested by the Board. Markers will be installed on the facilities or at the property as determined by the Board.
