# Orange Pre-K Program School Accountability Report Card Reported Using Data from the 2015-16 School Year Published During 2016-17 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2016-17)

Orange Pre-K is part of the Orange Unified School District and consists of approximately 286 students, ages infants- 5 years of age. Orange Pre-K provides services for infant and preschool aged students with mild to moderate and moderate to severe disabilities which, are identified through the Special Education assessment process. Orange Pre-K services students from all areas within the boundaries of the Orange Unified School District. Our classes are divided into preschool, 3 year olds ( 2 hours per day) and 4 year olds (3 hours per day). Our Special Education teachers are teaching "double session". Each class consists of approximately 15 to 17 students, one Special Education credentialed teacher and two to three Instructional Assistants. We also have a Preschool Autism Moderate/Severe Program specifically designed for students with autism, with approximately 10 students in each class. The division of our preschool programs in our mild to moderate classes allows the teacher to ensure developmental and age appropriate instruction, using research based strategies and curriculum appropriate for their age. Orange Pre-K also implements a Peer Role Model Program, in our mild to moderate classes, which consists of same aged peers from the community participating in our Special Education programs. The Peer Models serve as social, behavioral and language role models for our students with disabilities.

Orange Pre-K also houses various related services necessary to meet our students' educational needs. These services include: speech and language therapy, occupational therapy, and physical therapy. The ability to access the student's related services directly on Orange Pre-K's campus allows for continuity and collaboration in each child's program, as well as decreases transportation time and cost.

Orange Pre-K also houses Orange Unified School District's Preschool screening and assessment teams. The teams' role includes the screening of students within our district boundary area and/or assessment in areas of suspected disability. IEP team meetings are held on Orange Pre-K's campus following the initial assessment process. In addition, to initial IEP team meetings, annual and triennial meetings are held for those students who attend Orange Pre-K.

For many of our students and their families, their experience at Orange Pre-K is their first in public education. Our staff works collaboratively to ensure our students' educational needs are met while creating a nurturing environment that promotes family involvement and support as they learn to navigate their student's special education program and needs.

## Orange Pre-K Mission Statement

The mission of Orange Pre-K is committed to providing learning experiences for each child in preparation for early success and school readiness. Orange Pre-K offesr a warm and welcoming introduction to the Orange Unified School District and the public school system. We provide a strong, educated and well-trained team to implement a comprehensive program of research-based methodologies for teaching pre-academic and academic skills as well as social/emotional, adaptive daily living, and vocational skills to continue the development of each child. These strategies collectively prepare our students for their future educational experiences and support achievement of their personal goals set before them.

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: October 13, 2016

All K-8 textbooks are selected from the state matrix provided through the California Board of Education. Teachers peruse the materials and select by majority vote. Selected texts are then submitted to the Board of Education for final approval. Textbooks are procured in sufficient numbers for each student to receive a textbook. High School adoptions are content area based, with teachers selecting appropriate materials for the course objectives as outlined in the course description approved by the Board of Education. Selected texts are submitted to the Board for approved use in classrooms with purchase ratio of one per student. The Public Hearing and Adoption of Resolution No. 13-16-17 of the Board of Education of Orange Unified School District on the sufficiency of textbooks, instructional materials and science lab equipment (9-12) was approved on October 13, 2016.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group
Grades Three through Eight and Grade Eleven (School Year 2015-16)

| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | Enrolled | Tested | Tested | Standard Met or <br> Exceeded |

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Mathematics by Student Group Grades Three through Eight and Grade Eleven (School Year 2015-16)

| Student Group | Grade | Number of Students |  | Percent of Students |  |
| :---: | :---: | :---: | :---: | :---: | :---: |

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2015-16)

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

## Opportunities for Parental Involvement (School Year 2016-17)

The Orange Pre-K Staff works closely with families to provide opportunities that enrich our students' educational experiences. Opportunities for parent involvement include school wide activities such as Back to School Night, Fall Fantasy Parade focusing on literature, Thanksgiving Feast, Holiday Extravaganza, Jog-a-thon, Open House and other events determined throughout the year. Parents also receive monthly newsletters from the Program Coordinator and teacher that communicate the monthly theme, Enduring Understanding and Essential questions for the month. Additionally, the newsletter communicates specific program dates, events and school and District wide information. Parents are a vital member of the IEP team and participate throughout the year in their child's instructional program.

## State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

## School Safety Plan (School Year 2016-17)

Each of the district's schools develops and adopts, in accordance with Education Code § 32280 - 32289, a Comprehensive Safe School Plan particular to their site. Each school site is required annually, by March 1st, to have reviewed, and if necessary, updated their Safe School Plan. Each school forwards its School Safety Plan to the district through the office of Student and Community Services. The office of Student and Community Services provides plan development assistance to the schools and maintains a file of individual school plans available for inspection by the public.

Orange Pre-K has a comprehensive school safety plan that is reviewed, revised and approved yearly by the school site council. Staff is then trained on changes in order to ensure effective plan implementation. Our School Safety Plan consists of various team leads which has direct communication to a command center. We have regular drills to practice implementation including fire, earthquake and lockdown. Our main concern is the safety of our children and staff.

[^2]Implementation of Common Core, Research-based instructional strategies aligned to District initiatives and student achievement are the target for professional development. Professional Development has been provided in a variety of ways including sub release, after school workshops, conference attendance, individual mentoring, monthly staff meetings, Professional Learning Communities, Full-Day Non-Student Staff Development, and other in house trainings and/or webinars. Follow-up after school trainings have also been provided to ensure that implementation is consistent, effective and becomes part of regular lesson planning and delivery. Additionally, Pre-K teachers have received training from teacher experts and program coordinators on Common Core and other District professional development targets.

[^0]:    Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.
